

FEELING PROUD TO BE YOURSELF

KERNE

Kerne is dedicated to creating an inclusive, queer-targeted co-living community for older LGBTQ+ generations. Addressing the pressing issues of loneliness and segregation. Inspired by the Danish values of living and the LGBTQ+ principles of community and equality, this space will celebrate individuality while nurturing collective well-being. By prioritizing inclusivity, visibility, and community engagement, this project aims to honor the contributions of older LGBTQ+ individuals. Providing a space uniquely designed for them, situated in Hulme, Manchester, close enough to remain connected to the vibrant pulse of LGBTQ+ culture.
